PROFESSIONAL SUMMARY

Full Stack Developer with over **5 years of experience** creating reliable and user-friendly web and mobile applications. Skilled in using **Laravel, React Native, Angular**, and other popular tools. Experienced in building complete systems from setting up databases and writing backend APIs to designing responsive frontends and mobile apps. Has a strong background in generating reports, working on cross-platform apps, and deploying projects to the cloud. Writes clean, easy-to-maintain code and works well with teams using Agile methods.

TECH STACK

- **Programming & Web Languages:**
  C#, Java, PHP, JavaScript, HTML, CSS, SASS, jQuery, Ajax
- **Frontend Frameworks & Libraries:**
  React Native, ReactJs, NodeJs, NextJs, Angular, Bootstrap, Tailwind CSS, Twig, Kendo UI, Telerik
- **Backend & Web Frameworks:**
  Laravel, Symfony, CodeIgniter, ASP.NET Web API, PHP RESTful API
- **Databases & Query Languages:**
  SQL, MySQL, SQL Server
- **Mobile Development:**
  Android Studio, Xamarin Forms
- **Reporting Tools:**
  SSRS Reports, SQL Server Mobile Report, Crystal Reports
- **Tools & IDEs:**
  Visual Studio, VS Code, Photoshop, Postman, Git, GitHub
- **Platforms & OS:**
  Linux (Ubuntu/CentOS), Windows
- **Cloud & DevOps:**
  AWS (EC2, S3), Docker, Firebase

EDUCATION

STI COLLEGE ORCA | Bachelor Degree

June 2015 – March 2019

Bachelor of Science in Information Technology

WORK EXPERIENCE

Full Stack Developer
Social Pinpoint – Remote
June 2025 – Present

- Develop key features and services from design through to test and deploy; delivering scalable web applications using PHP, JavaScript (jQuery, Vue, native), and SQL.
- Provide technical input to product support, assisting with critical events including triage, systems analysis and postmortem activities.
- Be a key part of your team's success assisting in code review, feature testing and adhering to quality, performance and security best practice.
- Collaborate and contribute your expertise with the team as we plan our architectural direction for new features.
- Provide estimations for well defined, well scoped bodies of work.
- Attend developer meetings and stand-ups and contribute with your knowledge and experience.
- Troubleshoot and debug software issues.

Senior Developer
Rococo Global Technologies Corp. – Makati City, Philippines
January 2025 – June 2025

Mid-Level Developer
Rococo Global Technologies Corp. – Makati City, Philippines
January 2023 – December 2024

- Led the development of scalable web and mobile applications using Laravel, React.js, Node.js, and React Native.
- Designed and optimized backend services, improving performance, security, and scalability.
- Played a key role in project decision-making and architectural improvements.
- Collaborated with cross-functional teams to ensure seamless project execution.
- Took ownership of key projects, overseeing end-to-end development and deployment.

Developer
Bounty Fresh Inc. – Taguig City, Philippines
October 2019 – December 2022

- Designed and implemented internal tools to automate reports and improve workflow efficiency.
- Managed and executed new projects independently, overseeing development, and optimization.
- Enhanced and optimized existing processes across multiple departments, reducing manual effort and improving productivity.
- Provided System Support, resolving technical issues and ensuring system stability across teams.
- Collaborated with stakeholders to identify and develop tailored solutions for department-specific needs.
